Promotion of IT tools used in application procedures for regulated products

Goran Kumric, FDP, EFSA

BACKGROUND AND OBJECTIVES

To introduce and to promote the tools used for submission of applications:
Connect EFSA, ESFC, OpenEFSA, IUCLID, Portalino

To increase awareness and minimize possible mistakes made by users

To enhance applicants' understanding of procedures and increase the quality of submitted applications

STRUCTURE AND CONTENT

Content template to present the information regarding each tool.

1. Introduction

2. Detailed explanation of a tool

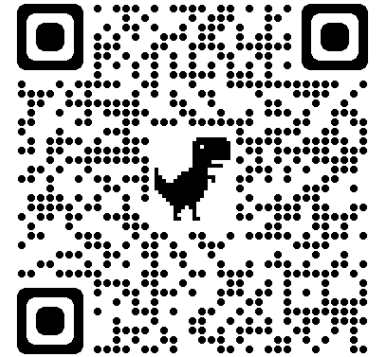

3. Common mistakes by users

4. Statistics

5. Short quiz to test the knowledge

Do you know that third parties/consultants can be delegated to conduct pre-submission activities on your behalf? ...see more

Did you know that you can delegate third parties/consultants to conduct pre-submission activities on your behalf?

How to establish a relationship "on behalf of" and enable a third party/consultant to work on your behalf?

Check our User guide on Pre-application ID.

Contact us via the Ask a Question service if you need support!
