

CLARIFICATION 2

Call reference: GP/EFSA/PLANTS/2022/02

Call title: Entrusting support tasks in the area of Plant health Risk Assessment

Question 1

This question is to enquire on the validity of previously submitted LEGAL ENTITY FORM (Annex 5), and FINANCIAL IDENTIFICATION FORM (Annex 6). These documents have already been submitted under another EFSA grant procedure.

Are the documents considered valid and therefore is possible to avoid presenting them once more with the application for call reference GP/EFSA/PLANTS/2022/02?

Answer

Please refer to page 21 of the Call of proposal and guide for applicant: "Please note there is no need to submit these forms if they have already been submitted under another EFSA procurement or grant procedure and provided that these forms are still valid. In this case simply indicate in the application form the reference of the call under which the form(s) were submitted to EFSA."

However, it would contribute to the speed of the evaluation process if the applicant could enclose a copy of the documents already submitted.
